First Patients start our weight management program *A portion of this program may be covered by your insurance plan**

This month the first dozen patients are starting our Medically Supervised Weight Management Program, an integrative approach to weight loss and healthy living.

The Medically Supervised Weight Management Program will teach you how to lose weight under the direction and guidance of Dr. Saltzman and our registered dietitians, personal trainers and psychologists. This program will give you the necessary support system to manage your lifestyle choices and improve your overall well-being by addressing any medical factors affecting weight gain, improving nutritional habits, and incorporating exercise into your daily routine. It focuses on your personal goals and it gives you the flexibility to plan and choose which aspects of your lifestyle you need to improve.

*Most major medical insurances accepted - if interested, please visit <http://rwwc.com/nutrition/weight-management.html> or speak to Amanda or Jessica at our front desk 215-735-7992 ext 0.
